Serious American Racing

**At Team Johnson, we are not only serious about racing,
we are serious about America's veterans.**

That is why we take great pride in our partnership with The American Legion, which was founded in 1919 and has since become the nation's largest veteran's service organization. The Freedom Team races in the NASCAR Busch Series to raise public awareness of The Legion's dedication to America's veterans, today's active military, America's youth and the preservation of American values. The #76 Freedom Car reminds us all of the past and present sacrifices made in the name of American freedom.
